### Guidelines

- Do not** apply consecutive sprays of products containing **Group 7** or **11** if applied solo. Consecutive sprays include mixtures containing **Group 7** or **11**.
- If applying **Group 7** or **Group 11** fungicides in mixtures e.g. **Group 11+7**, consecutive application is allowed. **Do not** apply more than two consecutive sprays before changing to another group.
- If two consecutive sprays of **Group 3** or **Group 11+3** fungicides are used, then use the same number of sprays of an alternative group(s) before using another **Group 3**, including sprays in the following seasons.
- Rotate with products from **Group M**.
- The spray program should be considered and the strategy applied on a whole-orchard basis.
